LACKEY'S HORSE AUCTIO

IT WILL OPEN AT CAMBRIDGE CITY TO-DAY WITH A BIG LIST.

Unusual Number of Speedy Ones and Large Consignments of Fancy Stock -To-Day's Running Races.

Special to the Indianapolis Journal. CAMBRIDGE CITY, Ind., March 2.- This interprising little city is again the cynosure

of horsemen of local and national repute from all parts of the country. They are, here from every city of consequence from almost every State in the Union and the attendance will tax the city's accommodations to its limit. The occasion is the annual auction of high class speed and show horses under the management of John S. Lackey, which is looked forward to each season as the greatest occasion of the year. Cutside of the enormous business brought about by the exchange of horse-flesh ownership, probably the many railroads, hotels, and eating houses profit most by the week's influx of horses and fanciers. These sales have grown each year to such an extent that the city's generally ample accommodations have become inadequate and the overflow is compelled to seek hotel quarters in the surrounding cities.

Mr. Lackey has spared no means to outdo all former attempts in the coming sale, which will open to-morrow and close on Saturday, and has catalogued a class of stock that has been popular in the past. The catalogue lists 386 head and together with the usual representation from the various local dealers and the great number offered by farmers from the surrounding country, there will be at least 500 horses in the city. From this great bunch the most fastidious taste can be satisfied. The number of standard and registered lorses with records catalogued compares favorably with past sales and there is an unusual lot of youngsters that have shown favorable results in trial heats. An unusual list of combined teams and saddle horses, together with match teams and well-broken roadsters, and many suitable for matinee racing occupy prominent places throughout the catalogue. The demand for the latter class of horses is greater than the supply and inquiries from prominent dealers over the country predict a spirited sale and good

prices for this stock. The principal stock farms of Indiana, Ohio, Kentucky and Illinois are represented with their offerings from the best blood lines of the American Trotting Register, comprising the get of the McGregors, Wilkses, Onwards, Directors, George W. derer, etc., in the racing line and also high-class stock for fancy show.

Following are some of the horses entered having records better than 2:25: Moste Moore, 2:13%; R. Ontime, 2:14%; Joe Wheeler, Moore, 2:13%; R. ness and debility. Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura Soap, Ointment and Pills the standard skin cures and humour remedies of the civilized world.

Millions of the world's best people use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruft and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, in the form of baths for annoying irritations, indam-mations and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

Very truly yours, MICHEL BLAN-DYPOS, 1027 Marais St., Secretary "The Marlowe Club
